now that Terrell even denied some

of his charges, he is yelling per-

secution.

Georgia is a great old state, and

the candidates are proclaiming

their patriotism from the moun-

tains to the sea.

The last grand jury compli-

mented the Ordinary and Com-

mittee for the excellent new jail

building.

The candidates are a little afraid

of the dispensary question. They

prefer leaving it to the dear peo-

ple.

Now Joe Hall was a lobbyist in

the year 1880. Guerry and Hall

have shifted positions on the rail-

road question.

Col. J. H. Estill is gaining

ground all the time. While Guerry

and Terrell are snapping at

each other, Estill is moving for-

ward to victory.

Up to yesterday, fourteen

hundred citizens had registered

for the primary, and the books

tricts until May 25th. See no-

tice of the places in this issue.

The outrages on the Filipinos

continues. America went to war

in 1898 to help opposing Cuba,

and wound up by opposing other

people. Commercial rascality

overwhelmed patriotism.

The city of St. Pierre, on the

island of Martinique, in the West

Indies was destroyed by a volca-

no last week. Forty thousand

people lost their lives. It was

one of the most appalling disas-

ters of modern times.

## EDITOR BELL ON PHYSI-

CIANS.

"The doctor from Hurryhill

says we are running our paper for

revenue only. What in the thunder

do doctors run for, anyway?

Do they run for glory? One good

healthy doctor's bill would run

this office six months. An editor

works half a day for \$1.00, with an

investment of \$3.00; a doctor

looks wise and works ten min-

utes for \$2.00, with an investment

of 3 cents for catnip and pill box

that cost 7c. A doctor goes to

college a few years, gets a diploma

and a string of words that the

devil himself can't pronounce,

cultivates a lot of gravity that he

pains off for wisdom, gets a box

of pills, a cayuse, and a meat saw

and sticks out his shingle, a full

fledged doctor. He will then doc-

tor you till you die, at a stipulated

price per visit, and put them in

just as thick as your pocket

will permit. An editor never gets

his education finished; he learns

as long as he lives and studies all

the time. He eats bran mash and

lives and takes his pay in hay and

turnips. If the editor makes a

mistake he has to apologize for it,

but if the doctor makes a mistake

he has to die. If we make one

there is a lawsuit, some swearing,

and smell of sulphur, but if the

doctor makes one there is a fu-

neral, cut flowers, and a smell of

vanish. If the doctor goes to

see another man's wife he will

charge the man for his visit. If

the editor calls another man's

wife he gets a charge of backbit.

The editor works to keep from

off the goat. The editor helps

men to live better, and the doctor

assists them to die easy. The

doctor pulls a sick man's leg, the

editor is glad if he can even col-

lect his bill at all. Revenue only?

We are living for fun and to spite

the doctors."—Wire Grass Blade.

PROGRAM.

A meeting of the officers and

members of the Executive Com-

mittee of the Bulloch County

Sunday School Union, is called

to meet at the Baptist church in

the town of Statesboro at 11

o'clock a. m. Tuesday 27th inst.

for the purpose of arranging

program and other matters pre-

paratory for the annual meet-

ing to be held at Brooklet the

first Wednesday in July. We

had a fine meeting last year.

Let us work and pray for even

a better one this year.

The following is the list of

officers:

## What Thin Folks Need.

Is a greater power of digesting and

assimilating food. For then Dr. King's

New Life Pills work wonders. They

tone and regulate the digestive organs,

gently expel all poisons from the

system, enrich the blood, improve ap-

petite, make healthy flesh. Only 25c at

There is one strain throughout Prof.

Merritt's announcement that, in our

estimation, is the keynote to the school

situation—greater attention to, and bet-

ter system in, the rural schools. If

Prof. Merritt holds the keynote to a bet-

ter system for our rural schools, and

lays some claim to that in his announce-

ment, it might be well for the state to

give this young man from the wire-

grass an opportunity. If he can do

nothing more than infuse new blood

into the work and stress some features

that have lagged, the change might be

worth the while.—Waycross Journal.

Dwelling Burned.

On Monday afternoon the

dwelling kitchen and smoke-

house of A. V. Blackburn of

Sam, was destroyed by fire.

The family was away from

home at the time of the fire and

no one is in a position to say

what started the fire. All the

household and kitchen furni-

ture except one bed and some

chairs was lost, also the contents

of the smoke house. There was

no insurance on the building or

contents and the loss falls pre-

tty heavy on Mr. Blackburn.

Respt.

T. A. Wilson.

Have moved.

I have moved my Harness Shop

to the rear of Dr. Holland's office,

formerly occupied by the Bulloch

Horad printing office, where I am

prepared to do all kinds of har-

ness work; make new ones or re-

pair old ones. Also lasts and

shoes made to order, or repaired

at the lowest possible prices.
